Our Mission Statement At ME Languages

We offer English classes at all levels including English for professionals.

All of our teachers are Celta or TEFL qualified to ensure the highest level of tuition is given.

Classes are held in groups of no more than 6 as we believe this is more effective to our students. We specifically concentrate on grammar and pronunciation making sure that our students are aware of the differences between the Italian language structure to the English language, as our tutors are fully aware of the problems and difficulties Italian students face when having to learn English as they are also able to speak fluent Italian.

Our commitment to our students is such that we always offer high quality teaching coupled with first class care and our aim is to help all our students to succeed in their chosen career by having an outstanding level of English.
